

*LIGIER JS PX*

# THE FIRST ONE-OFF LIGIER MODEL

With the Ligier JS PX, Ligier introduces its first unique car. An exceptional model to celebrate Ligier's trifecta with the overall victory in the 24 Hours of Daytona, 12 Hours of Sebring and Petit Le Mans.

LIGIER JS PX

## A CAR WITH CLEAN AND ELEGANT LINES

A sleek design with clean lines for perfectly balanced aerodynamics. The livery in shades of grey with touches of electric blue, created specifically for the Ligier JS PX, reinforces its unique character.

## THE MOST POWERFUL SPORTS PROTOTYPE EVER BUILT BY LIGIER

Under the rear bonnet is an 825 hp V6 twin-Turbo engine prepared by the Ligier engine department. The Ligier JS PX can reach a top speed of 346 km/h on the 24 Hours of Le Mans circuit for a theoretical lap time of 3:19.00s.

## UNEQUALLED PERFORMANCE WITH UNMATCHED DRIVING COMFORT

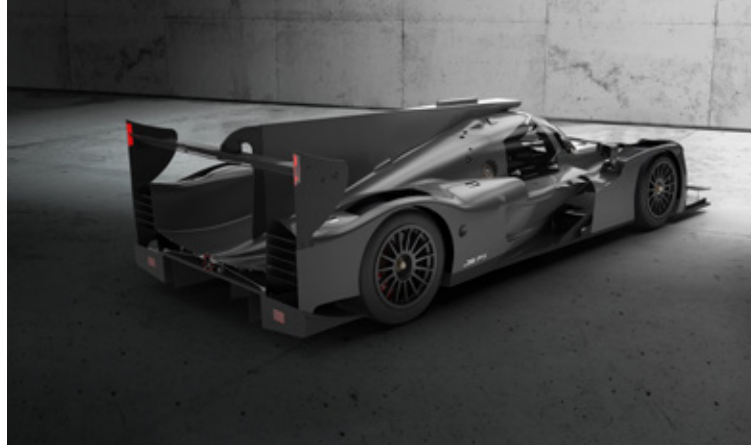

ABS system, traction control, rear camera, engine performance systems specific to the Ligier JS PX: everything has been thought to offer the driver the best possible experience.

Ligier JS2 - 1975

Driven by his passion for motorsport Guy Ligier founded Ligier in 1969. Ligier was both a car constructor and a race team and dedicated itself to endurance for five years before launching itself into the world of Formula 1 where it stayed for over 20 years. In 2013, Ligier began a new chapter in its history when Jacques Nicolet acquired the brand.

## LIGIER SUPPORT

Ligier's philosophy: back up and support the teams that put their trust in the company. This is why Ligier ensures an itinerant client support service in addition to its traditional after-sales service. Ligier representatives travel throughout the season to help, advise and supply spare parts to teams running their cars.

## PERSONALISED LIGIER ASSISTANCE

Ligier offers personalised assistance to its client teams. The aim: share its knowhow and its expertise to help teams optimise the way they operate their cars. Ligier mechanics and engineers can join a team for a set period of time. A development and operating service is also available for one or more races for a manufacturer, team or partner.

## LIGIER "ARRIVE AND DRIVE"

A turnkey service with safekeeping and operation of the car, on an "arrive and drive" basis, is available to offer its owner a unique experience of pure pleasure.
